

ART THAT WILL TOUCH YOU

Re-awaken your senses, with art that features exciting new works from both known and new local artisans, in the inviting space of the Bowral & District Art Society Gallery, 1 Short Street Bowral.

Naturally inspired by earth, wood, water and stone, “**Down to Earth**” promises to titillate your senses while offering you an exciting exhibition experience - the kind that makes you ‘feel’ like ‘touching’!

Wash away the tension and soothe the soul
from 10am Thursday 23 July until 4pm Sun 2 August, with
**a special invitation to join the artists for refreshments
on Friday 24 July from 5.30pm.**

An inspirational display of wall, floor and garden sculpture by
Brooke Maurice and Fronsnova Sculpture;
fine furniture pieces by Mike Earle;
selected ‘gum burl’ artefacts by Ros Esposito;
beautiful glass mosaic artwork by Bernadette Lawlor;
unique earthy, nature-inspired jewellery by Suzie Webster, textural acrylics on
canvas by Tracy Miller and framed watercolours and mixed media, featuring
watery reflections, emotive skies and tall timbers by Penny Levett.

“**Down to Earth**” could be the reality check you need
– to ensure a lifting of the spirits and, who knows, a ‘touch’ of something
that could ‘make the earth move’ for you this winter.
