

> New car? Be sure to update your licence plate details!

When you sell or change your car, it is important that you provide us with your up-to-date licence plate (registration) details.

In particular, you should notify E-way® as soon as you sell a car and are no longer responsible for tolls incurred by that vehicle.

If you do not notify E-way and a new tag in the vehicle is not read, tolls may be automatically charged to your account if you have not updated your details.

To update your licence plate (registration) details simply:

1. Go to www.tollpay.com.au, OR
2. Fill out the section on your statement, OR
3. Phone 1300 555 833.

For more information, refer to E-way's terms and conditions on E-way's website www.tollpay.com.au
