**FOR IMMEDIATE RELEASE**  
**26 March 2015**

## **MILK FACTORY GALLERY EXHIBITION**

### **GARRY FLEMING**

### **Wildlife Paintings From Around The World**

### **28 March to 30 April 2015**

Garry's original artworks are in demand from collectors around the world. Working in both oils and watercolours, his paintings have been described as breathtaking. From big cats to tiny wrens, it's all about the detail and the essence of the subject. Garry says, "He always begins with the eyes of his subject working outward. This is where the painting grows from".

Although painting wildlife is his passion, Garry has also been commissioned to paint a number of portraits, some of these include- Geoffrey Rush, Billy Joel, Billy Crystal, Ricky Martin and Delta Goodrem to name a few. Garry has won numerous awards including the Zoological Award, Whitley Award, Wilderness Award (twice) and the Royal AG Award (three times).

Garry Lives in the Southern Highlands of NSW where he continues to produce his magnificent wildlife paintings. His exhibition 'Wildlife Paintings of the World' at the Milk Factory Gallery will be his first solo show in over ten years.

“Garry Fleming is without doubt Australia’s foremost wildlife artist. I marvel at his talent. Looking directly in front of a recent painting I felt like I could touch the galahs and the fence in front of them. Then from across the room there was depth and perspective rarely achieved. He’s brilliant. Ray Hadley OAM “

Garry will be at the Milk Factory Gallery every weekend during the course of the exhibition demonstrating how he paints these magnificent works.

For more information contact the Milk Factory Gallery, 31 Station Street, Bowral. Phone 02 4862 1077 or visit the website: [www.milkfactorygallery.com.au](http://www.milkfactorygallery.com.au)
